۲	<p>متن زیر را با دقت بخوانید و به سوالات داده شده هر قسمت پاسخ دهید.</p> <p>Our demand for electricity is climbing so fast that over the next decade our generating capacity must increase by a third. Fossil fuels supply nearly three-quarters of this energy. But the smoke from coal, gas, and oil-fired plants is also responsible for half of our air pollution. That might be considered as a small price to pay for progress. But there's an alternative, one that produces no smoke and can actually create more fuel than it consumes. In many regions, it's even cheaper than coal-fired electricity, nuclear power. It may directly bring the danger of radioactivity to the mind, but if other types of power didn't present equal and even worse problems, it would not be reasonable to consider nuclear power at all. But they do.</p> <p>True/ False</p> <p>48. Nuclear power is cheaper than coal-fired electricity all over the world. a) True b) False</p> <p>49. ۳	<p>متن زیر را با دقت بخوانید و به سوالات داده شده هر قسمت پاسخ دهید.</p> <p>Online dictionaries have the advantage of being free, portable, and easily accessible. However, there are several different types of dictionaries available.</p> <ul style="list-style-type: none"> • Learner Dictionaries use simple vocabulary in their definitions to help English Language Learners understand what words mean; they do limit the number of definitions they present, so they may not be the best choice for more advanced English students. • Bilingual Dictionaries allow you to see the English definitions and a translation of the word into another language; however, using this type of dictionary can make it more difficult to remember the word later, since you are already familiar with the word in the other language. • Native English Dictionaries will give the most definitions of a word, but not all are created equal. Choose a dictionary based on your variety of English (American vs. British, for example) that includes links to other forms of the word, example sentences of word use, and synonyms and antonyms. <p>It's also important to find which definition is the correct definition: If a word has several definitions, first identify which part of speech is appropriate for the word based on the context. Then look for word combinations that may appear in your text.</p>	۱۵

File 1

Zohreh: This weekend is my birthday. I have invited everyone but Mina.

Maryam: Why not? If I were you I would certainly invite her. As far as I know you were close friends at school.

Zohreh: Yes. But she has moved to another neighborhood. If I had her address, I would invite her.

Maryam: What a pity! If I knew that sooner, I could help you.

Zohreh: How?

Maryam: I could check it with my sister. She is her mother's friend.

Zohreh: Can you call her now?

Maryam: Unfortunately, she is not available till next Wednesday. Sorry.

File 2

Ben: You always get good marks at school. You're lucky! I study but I don't always get good marks.

Katy: I'm not lucky! I know how to study. I always do three things. Do you want to know them?

Ben: Yeah, please!

Katy: OK, number one. Always study in a quiet place.

Ben: I usually study in my bedroom. It's very quiet.

Katy: Number two. Have a clear desk!

Ben: Right. A clear desk. My desk isn't clear. There are lots of papers and books and pens on it.

Katy: Well, that isn't very good!

Ben: What's tip number three?

Katy: Have lots of breaks. I always study for thirty minutes. Then I have a break for five minutes. I move my arms and legs and drink some water. Then I study again for thirty minutes.

Ben: I never have a break. I sometimes study for two or three hours.

Katy: That isn't a good idea! It's important to get up and move your body.

Ben: OK. Thanks. Next time I think I can get good marks!

We have much to learn from our parents regarding our heritage, to be proud of our past. This heritage and history brings a sense of belonging. Most importantly, it brings us a sense of identity of our past and the responsibility to protect it for our future generations. What I can add at the end is the role of our parents' morals, values, and principles in our lives. Our elders have either learned, created or have been brought up with a set of morals, values and principles in their lives. Our elders want the best for us and they are willing to tell us what set of rules and guidelines have made them successful, and hopefully, peaceful.

File 4

Charlie: Mum! That's my computer!

Mum: I know, I know. Don't worry, I'm changing your privacy settings.

Charlie: Privacy settings?

Mum: Yes. There are privacy settings on your social networking sites. Your account is totally public at the moment, and you're logged in!

Charlie: Oh. What are the privacy settings for?

Mum: To make you safe online. You want to be safe, don't you? And for the right people to see your information, not EVERYONE.

Charlie: Everyone?

Mum: Yes. If you don't change your privacy settings, when you upload a photo, anyone can see it. It's important to change them so only your friends can see them. You don't want everyone to see everything, do you?

Charlie: No! But I can delete things, can't I?

Mum: Well, you can, but it's very difficult. Some things stay there forever.

Charlie: That's really scary, Mum.

Mum: Don't worry, but you must learn how to stay safe. You mustn't tell anyone your password!

Charlie: I won't!

Mum: Crazy Charlie one two one, isn't it?

Charlie: Mum! Yes, it is. How ...

Mum: It's on your notebook. Right there. On your desk. It isn't a very secret place, is it?

Charlie: No, it isn't.
