Good handwriting is an excellent skill of some artists. You may enjoy practicing handwriting in school, but some people love to make their handwriting look attractive as calligraphers do. Those are unusual people. Calligraphy has been a form of creative expression for centuries. The word “calligraphy” means beautiful writing. Many ancient cultures made their calligraphy with their imaginative picture alphabets. Some cultures like Egyptian created hieroglyphics about 3,500 B.C. These pictures describe events and ideas. Chinese people also used especial brushes for their written language they invented more than 1,500 marks by 1,500 B.C. Chinese calligraphers took their art seriously. The latest real alphabet was Phoenician. Its seamen made these alphabets which were not true calligraphy and they did not think much about its handwriting.
